Rustic plot peaceful private electricity water

A beautiful plot of Rustic land, located in the hills in a stunning part of the countryside situated just outside Alte, in the small hamlet of Santa Margarida.

Situated on the land you have electricity, and two large water tanks giving 2.000 ltrs of capacity, these tanks can be topped up from the well just a short distance along the road. These utilities serve a small wooden house which consists of a terrace, bedroom, and an equipped bathroom and kitchen, the water is pumped into the house via an electric pump and is sold equipped and ready to go. Also, there is a wooden storage shed for tools etc that are used on the land.

The land is on an inclination, although as you enter through the gate the top of the land is flat, which would make it ideal for parking up your RV`s, with electricity and water on site.
